

LOKI System

Master of Disguise

INVICTA
INDUSTRIES

Like its namesake, the god of disguise, LOKI manipulates perception, refining roofscapes and protecting architectural integrity without drawing attention to itself.

Key Features:

- 60mm deep extruded aluminum blade profile
- Horizontal orientated blades mainly for screening
- Ideal for screens, such as rooftop plant screens
- 25 year commercial Powder-coat warranty

Performance Specs:

- 44% Free Open Area (FOA)
- 110mm Blade Pitch
- 3200mm Max Blade Span
- 6400mm Max Blade Length
- Conforms to incidental live load requirements

DESIGNED FOR THE
DIVINE.
ENGINEERED FOR THE
STORM.

Material Options:

Constructed from premium 6060-T5 extruded aluminium, delivering superior structural performance and long-term durability. Finished with high-quality powder coating or anodising for enhanced protection and refined aesthetics.

Optional Mesh Types:

Bird/Vermin: Galvanised or stainless steel

Insect: Fibreglass or aluminium

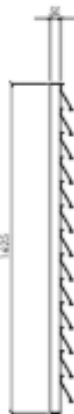

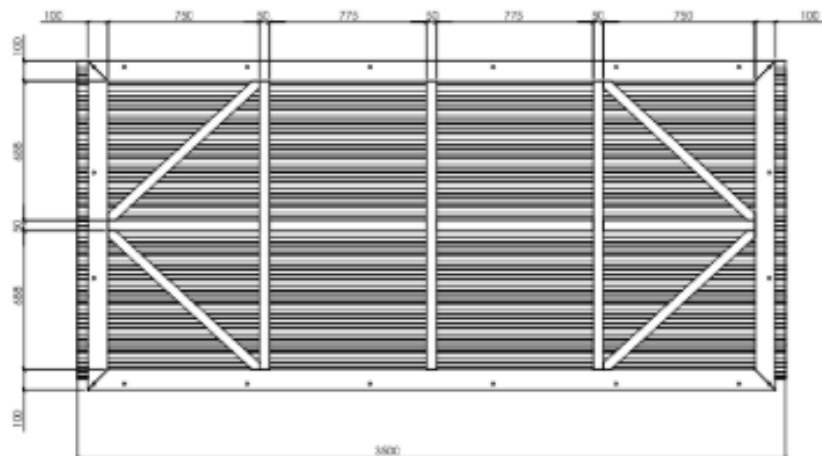

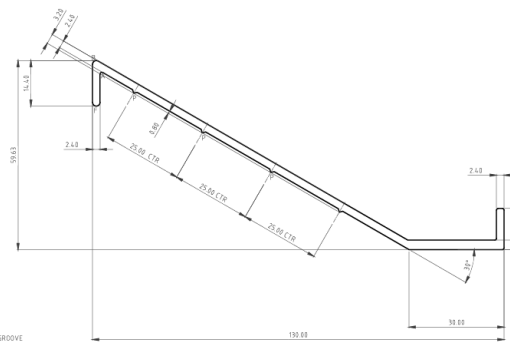

Custom finishes available upon request

In partnership with Alspec's GreenCore® technology, Invicta Industries now offers full louvre range in **low-carbon aluminium**. This innovation reduces embodied carbon while maintaining strength, precision and performance.

Accessories:

Integrated louvred doors designed for seamless access, featuring removable mesh panels for simplified maintenance and optional security grilles for enhanced protection.
